| Voltage      | 220-240VAC 50Hz                                                                                                                                                                                                                                                                                                                            |
| Light source | E27 base, LED max 20 W. Comes with a LED bulb (Airam LED Superlux, E27, 19 W, 2452 lumen, 2700 K, warm white, non dimmable, may vary). The use of special bulbs such as halogen, mirror or 12 V bulbs in Secto Design lamps is prohibited, due to overheating. This product is supplied with an example bulb of energy efficiency class E. |
| Dimming      | <a href="#">Details</a>                                                                                                                                                                                                                                                                                                                    |
| DALI         | Attachable to DALI systems with a separate DALI-compatible dimmer. Due to great variation in DALI systems, Secto Design does not supply DALI-dimmers. Please contact your local electrician.                                                                                                                                               |
