| Voltage      | 220-240VAC 50Hz                                                                                                                                                                                                                                                                                                                                                       |
| Light source | E27 base, LED max 20 W. Comes with a LED bulb (Philips CorePro LED bulb, E27, 8 W, 806 lm, adjustable 2700K / 3000K / 4000K / 5000K / 6500K, dimmable, may vary). The use of special bulbs such as halogen, mirror or 12 V bulbs in Secto Design lamps is prohibited, due to overheating. This product is supplied with an example bulb of energy efficiency class F. |
| Dimming      | <a href="#">Details</a>                                                                                                                                                                                                                                                                                                                                               |
| DALI         | Attachable to DALI systems with a separate DALI-compatible dimmer. Due to great variation in DALI systems, Secto Design does not supply DALI-dimmers. Please contact your local electrician.                                                                                                                                                                          |
