

PRESS RELEASE

We are happy to introduce the ETL-certified Atto 5000 pendant lamp to the West Coast at HD Expo. The Atto is a popular model in Europe and is a stunning lamp, pleasing to the eye with absolutely no trace of flickering. The energy efficiency has also been improved along with the service life. The Atto is a model that looks great on its own or in groups. It can also easily be mixed and matched with the rest of the Secto Design collection.

Secto Design USA has been operating since 2017, providing a convenient access to US clients to the iconic Scandinavian birch fixtures. There is a network of independent sales agents nationwide to serve specifiers and residential customers can find the products at fine showrooms throughout the country. The fixtures are stocked and shipped from the warehouse in Florida to guarantee short lead times.

Secto Design is a Finnish company specializing in hand-made design lamps from high quality PEFC certified birch. The demanding work is carried out by highly talented craftsmen in the factory in Finland. All Secto Design lamps are sustainably and ecologically produced. The entire lighting collection is designed by the award-winning Finnish architect Seppo Koho. Secto Design lamps are appreciated for their Scandinavian design that is suitable for different styles and interiors.
