

PRESS RELEASE

We are proud to present an innovative novelty at Light + Building 2022: Secto corner lamp. Too often corners are the gloomy forgotten spaces in the otherwise thoughtfully designed interiors. Secto corner lamp is here to overcome this challenge by illuminating the corners and transforming the entire interior into a serene entity.

Secto corner lamp is a perfect solution for narrow corridors, tight staircases, smaller bedrooms or for any other spaces that deserve to be fully brightened. Thanks to its design it fits perfectly in the corner and can also be seamlessly combined with the rest of the beloved collection. Secto corner lamp comes in the heights of 45 and 60 cm and in four finishes. It will be available at the beginning of the 2023. Design protection has been applied.

Secto Design is a Finnish company specializing in hand-made design lamps from high quality PEFC certified birch. The demanding work is carried out by highly talented craftsmen in the factory in Heinola, Finland. All Secto Design lamps are sustainably and ecologically produced. The entire lighting collection is designed by the award-winning Finnish architect Seppo Koho. Secto Design lamps are appreciated for their Scandinavian design that is suitable for different styles and interiors.
