

PRESS RELEASE

Secto Design is thrilled to be participating in BDNY, bringing the iconic Scandinavian design lighting collection to Javits Center. The Secto Design fixtures are true statement pieces even on their own but one can also create captivating installations by combining them into bigger groups.

We will be presenting Teelo table lamp to our US clients at BDNY. Teelo continues the simple yet stylish collection bringing in an additional sculptural tone. The clear yet beautiful lines of Teelo, together with the light source designed never to blind the viewer, offer an eye-soothing lighting experience. The detail in the design gives a sophisticated finishing touch. As the rest of the collection, also Teelo table light is made of top-quality Finnish birch wood. Teelo comes in natural birch and walnut veneer finishes and is available for ordering at the beginning of 2023.

Secto Design USA has been operating since 2017, providing a convenient access to US clients to the beloved birch fixtures. There is a network of independent sales agents nationwide to serve specifiers and residential customers can find the products at fine showrooms throughout the country. The fixtures are stocked and shipped from the warehouse in Florida to guarantee short lead times.

Secto Design is a Finnish company specializing in hand-made design lamps from high quality PEFC certified birch. The demanding work is carried out by highly talented craftsmen in the factory in Finland. The entire lighting collection is designed by the award-winning Finnish architect Seppo Koho. Secto Design lamps are appreciated for their Scandinavian design suitable for different styles and interiors.
