

PRESS RELEASE

We are happy to be part of the March edition of Maison & Objet Paris after a successful event in the autumn.

Secto Design France was established in September 2021. Both sales and marketing operations are now run from the brand new Champs-Élysées Showroom. It has been great to continue building prosperous business relationships with both old as well as new valued clients through Secto Design France. Our Paris team will also be present at M&O and this is a great chance to meet them personally and learn more about our operations in France and future plans.

At our stand A50:B49 located in Hall 7, you can view our entire timeless collection with the latest model, Kuulto Small. This is a perfect opportunity to see the newer models mixing seamlessly with the rest of our beloved collection.

Secto Design is a Finnish company specializing in hand-made design lamps from high quality PEFC certified birch. The demanding work is carried out by highly talented craftsmen in the factory in Finland. All Secto Design lamps are sustainably and ecologically produced. The entire lighting collection is designed by the award-winning Finnish architect Seppo Koho. Secto Design lamps are appreciated for their Scandinavian design that is suitable for different styles and interiors.
